Summary

Scope: A routine unannounced material control and accounting safeguards inspection was conducted by a regionally based inspector and an inspector from the Office of Nuclear Materials Safety and Safeguards. The areas inspected were facility organization and management controls, facility operations and internal controls, measurement systems, measurement controls and statistics, and management meetings, entrance and exit interviews. Inspection Procedures 85203, 85205, 85207, 85209, and 30703 were addressed.

Results: Within the areas inspected, no violations, deviations or declining performance were identified.
