Docket No. 50-346

Toledo Edison Company
ATTN: Mr. Donald Shelton
Vice President
Nuclear
Edison Plaza
300 Madison Avenue
Toledo, OH 43652

Gentlemen:

Thank you for your letter dated February 28, 1989, regarding your response to our recommendation concerning Allegation RIII-88-A-0057, as documented in Inspection Report No. 50-346/88034.

We have evaluated your additional reviews concerning the allegation of improper work practices for duct work in the Boric Acid Room. In doing so, we have concluded that the allegation was not substantiated and consequently does not warrant further investigation. The Boric Acid Room duct work is not safety-related. Your action in response to this concern adequately resolves the safety issues addressed within the allegation, no further action is required, and we consider this allegation closed.

Thank you for your cooperation with us in resolving this allegation. Should you have any questions regarding this matter, please contact Mr. J. F. Schapker of my staff (312) 790-5562.

Sincerely,
