Attention: Mr. Robert J. Kunz

Gentlemen:

This refers to your January 6, 1965, letter concerning  
modification of your Cobalt 60 strip source Model 4F3C.

It appears that the only modification to the source is a  
change in the design of the end plugs of the outer contain-  
ment capsule. The information will be made a part of our files  
and used in evaluating applications requesting use of the  
Model 4F6P source.

Very truly yours,
