Dear Mr. Milhoan:

Our previous correspondence concerning the subject LERs dated July 14, 1989 (1CAN078906), contained errors in the dates on which certain events occurred. The piping support discrepancies for the BWST piping were discovered June 20, 1988, and the discrepancies for the letdown piping on September 23, 1988, not vice versa as previously stated. Also, the more rigorous evaluations of the systems with the as-found support discrepancies were subsequently completed in May 1989 instead of May 1988 as stated. We sincerely regret any inconvenience or confusion which the misstatements may have caused.

Very truly yours,
