Re: Renewal of License #24-20335-01

Gentlemen:

We wish to renew the Radioactive Materials License Number referenced above issued to Springfield Community Hospital, 3535 S. National, Springfield, MO. A renewal fee of \$580 has already been sent to you by AMI of Houston.

Dr. Dan Sullivan has been listed as the Radiation Safety Officer for Springfield Community Hospital. Dr. L. Elpidio Alcancia, M.D. is the Assistant Radiation Safety Officer. Dr. Alcancia is licensed for Group VI and is responsible for the safe use of Group VI materials. Any problems identified by Dr. Alcancia will be reported to Dr. Dan Sullivan and appropriate action taken.

Our previous license indicated Group IV material could be used. At the present time, none of the authorized users have the experience necessary for performing Group IV procedures. If we should add someone to our staff who can be licensed for Group IV, we will amend the license accordingly.

If you have any questions concerning the renewal application, please do not hesitate to call.

Sincerely,

Lynda Donegan, Administrator
