Post Office Box P  
Oak Ridge, Tennessee

Gentlemen:

*see list of Feb. 17*  
Mr. W. T. Boyer of this city is recommended by the undersigned and by other instructors of the INDUSTRIAL USES OF ISOTOPES course offered by Isotopes Specialties Company on September 13 to 16, 1954, as being capable of radioisotope handling and of accepting responsibility for curie level sources. Recommendation is based on the results of an oral examination and observation of his actions in course laboratory work and on a recently completed written examination (copy enclosed).

Thank you for your interest in our course and its graduates.

Yours very truly,

ISOTOPES SPECIALTIES CO.
