Subject: Safety Issue Status
Cooper Nuclear Station
NRC Docket No. 50-298, DPR-46

Gentlemen:

Per the request of our Project Manager, the Nebraska Public Power District has reviewed and either verified or updated dates for most items contained in the Safety Issues Management System for Cooper Nuclear Station. A marked up copy of the Safety Issues Management System printout is attached along with a listing of the sources that support the documented dates except for some ongoing issues.

Also attached is a list of issues where no definite close out documentation could be located. These will be discussed with our Project Manager at some later date.

Sincerely,

G. A. Trevors
