Dear Mr. Cleveland:

I am forwarding a request by Sandia Laboratories for a tour and information exchange on the medical and environmental health aspects of uranium mining and milling. Our office has no objection to this visit.

I have discussed it with Dr. Theodore Brough of our Milan office and would appreciate your working with him on arrangements for this group. I am also notifying Sandia that their contact will be through you for this visit to Kerr-McGee. If the visit is expanded to include other mills or mines, Dr. Brough will handle the arrangements.

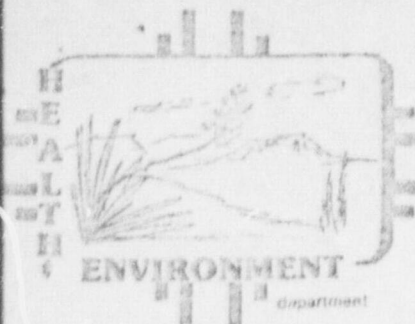

Thank you for your cooperation on this request.

Sincerely,

  
Gerald W. Stewart  
Acting Program Manager

Dear Mr. Stewart:

Pursuant to our telephonic conversation today, we would appreciate your assistance in arranging a one-day tour of selected uranium mines (surface operations) and mills in the Ambrosia Lake area.

Proposed attendees, in addition to myself, would be:

J. W. Ewing, M. D. - Manager, Industrial Medicine and Clinical  
Psychology Department

N. J. Jeffery, R. N. - Nurse Practitioner

P. B. Mossman, M. D. - Medical Director

G. E. Tucker, Jr. - Supervisor, Health Physics Division

Our interests lie in information exchange on the medical and environmental health aspects of uranium mining and milling. For those organization willing to accomodate our request, we would be pleased to reciprocate by organizing a visit to Sandia Laboratories.

Sincerely yours,

William D. Burnett, Manager  
Environmental Health Department - 3310
