Mr. M. L. Bowling, Recovery Officer - Technical Services
c/o Ms. Patricia Loftus, Director - Regulatory
Affairs for Millstone Station
Northeast Nuclear Energy Company
P.O. Box 128

Dear Mr. Bowling:

SUBJECT: CORRECTION TO NRC COMBINED INSPECTION 50-245/98-206; 50-336/98-206; 50-423/98-206 AND NOTICE OF VIOLATION

Enclosed is a revised cover letter and Enclosure 1 (Notice of Violation) for the subject inspection report. The version transmitted to you by my letter dated May 26, 1998, inadvertently contained two examples in the equipment qualification violation (B.2 and B.3) for which you had received enforcement discretion. Please substitute the enclosed pages in your copy of the inspection report. Changes are denoted by revision bars in the margins.

We apologize for any inconvenience this may have caused you.

Sincerely,
