Dear Sir:

This is a reply to a Notice of Violation of License 22-01859-01.

The prep room is centrally located in the Nuclear Medicine Service and is subject to a high level of activity and awareness by Nuclear Medicine staff during business hours. As of June 1, 1998, new security procedures were implemented with regards to this room. When the Nuclear Medicine Technologist assigned to the room is on break, at lunch, or not on duty, any radioactive material present in the room is secured under lock and key.

This corrective action should bring our facility into compliance. If you have any questions, please contact us.

Sincerely,

CHARLES A. MILBRANDT, FACHE
