In addition, a revised listing of NextEra Energy's "Safeguards (SGI) and Official Use Only - Security-Related Information" and "Carbon Copy Recipient Without SGI Included and Official Use Only - Security-Related Information," is attached (Enclosure). We removed the site director title and replaced it with site vice president, to better align with the industry. Updates to the Enclosure are listed in bold red, and to include the strikethroughs.

Please continue to ensure that all Safeguards Information (including Safeguards Advisories) are issued in keeping with the specified enclosed distribution list.

Should you have any questions regarding this request, please contact Alison Brown at (561) 304-6243.

Very truly yours,
