Good morning Ms. King-Maudrie,

I have reviewed the licensee's requests dated May 29, 2020 and July 9, 2020 to name Authorized Users, the Radiation Safety Officer (RSO), Associate Radiation Safety Officer (ARSO), and an Authorized Medical Physicist (AMP) on the subject license.

Please provide the following information:

1. Please provide a signed and dated letter describing Mr. Anzell's training and experience with the use of self-shielded irradiators as outlined in the attached guidance, NUREG 1556, Volume 5, Revision 1, Appendix F. The document can also be found at <https://www.nrc.gov/docs/ML1817/ML18176A007.pdf>. Specifically, please restate the length of training under your supervision and confirm Mr. Anzell is familiar with NRC regulations including 10 CFR Part 37 security requirements applicable to the use of self-shielded irradiators (please include the list of training elements outlined in Appendix F, under "Regulatory Requirements"). Additionally, please confirm that Mr. Anzell's has been trained in the routine vs. nonroutine maintenance, operating and emergency procedures, radiation safety, regulatory issues, and prior events involving self-shielded irradiators. Also, list any manufacturer courses that Mr. Anzell attended regarding the use of a self-shielded irradiators, if applicable.
2. Please note that the ARSO can be named for 10 CFR Part 35 material only which excludes the use of the material in the self-shielded irradiator.
3. Please provide a copy of Justin Kamp's degree in medical physics from Wayne State University.

Please provide your response in a signed and dated letter by August 18, 2020. You may submit your response directly to me via email.

Please acknowledge receipt of this email and let me know if you have any questions.

Thank you
