Docket No. 030-39063

REC RG 1 09 01 '20 PM 12:00

Dear Mr. Courtemanche,

It was so nice speaking with you on August 17, 2020. Thank you for the reminder as to the required three-year update to the FMC Stine Research Center Decommissioning Funding Plan (DFP) and financial documents.

As mentioned, I am in the process of updating the DFP and assisting FMC Corporate Legal in updating appropriate Certificate of Financial Assurance and Standby Trust Agreement documents. Unfortunately, I was under the mistaken impression that the DFP was not due to US NRC, Region I for review until October 1, 2020 based on the original license issue date and not the August 1, 2017 submission date. Due to this misunderstanding and the continued challenges with the COVID-19 pandemic, I am respectfully requesting an extension on the submission of the DFP to US NRC, Region I.

Thank you for your consideration of this request and the gentle reminder of submission.

Best Regards,

Kelly L. Petrillo  
Radiation Safety Officer
