- SYMBOLS**
- Indicates Tray Going Away From Observer
 - Indicates Tray Coming Towards Observer
 - Indicates End View of Tray Support
 - Indicates Unit #
 - Indicates Support
 - Indicates Ground Floor
 - Indicates Number Destination
 - Indicates Type Designation
- REFERENCES**
- Indicates Bill of Material Item #
 - Indicates Motor Operator Value
 - Indicates Temperature Controller
 - Indicates Manual Operated Valve
- NOTES**
- 5/8" Radius Flange & C. to Splice Plate Conn. (Typical at All Splice Plate Connections of Trays)
 - 1" Clearance Required Between Reactor Building Structures
