Dear Nuclear Regulatory Commission,

I am writing to express my opposition to the Nuclear Regulatory Commission's plan to change regulations on how nuclear waste is disposed of. Nuclear waste is dangerous. With improper disposal, radioactive waste can leak into local water and food supplies. If incinerated, it can be released into the air.

This proposed plan endangers communities because they could be exposed to radioactive nuclear waste without even knowing it. Keep nuclear waste under regulatory control and out of public landfills.

I urge you to protect people and end any plans that allow for nuclear waste in landfills. (Regulations.gov Document ID NRC-2020-0065-0001).

Sincerely,

Lori Vest
