Dear Nuclear Regulatory Commission,

I oppose the Nuclear Regulatory Commission's plan to weaken regulations for the disposal of nuclear waste.

Public landfills are scattered throughout the country and are not managed, supervised or controlled enough to make them safe disposal sites for any toxic materials let alone growing accumulations of nuclear decay.

I urge you to protect people and end any plans that allow for nuclear waste in landfills. (Regulations.gov Document ID NRC-2020-0065-0001).

Sincerely,

robert behr
