Subject: Gauge Transfer Documentation

Discussion: I asked Ms. Loos for a copy of the PA material license and documentation indicating that the gauges were shipped to the PA storage location. She stated that the gauges would be stored at the permanent storage location if the work performed was within 25 miles of a storage location. She said any work at temporary job sites farther than 25 miles would allow workers to store the gauges in their vehicles.

Ms. Loos will provide a copy of their PA license and a memo indicating that the new storage location for the gauges going forward will be the PA location.

Action Required: Amend license.
