Dear Ms. Rexroth:

Enclosed is Amendment No. 5 to your U.S. Nuclear Regulatory Commission (NRC) Material License No. 13-32301-01 for Lutheran Medical Group, LLC d/b/a Lutheran Health Physicians in accordance with your request dated August 27, 2020.

Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify the NRC Region III office at (630) 829-9887 so that we may provide appropriate corrections and answers.

In your letter dated August 27, 2020, you provided the history of use and close-out survey and wipe test results for Lutheran Medical Group, LLC d/b/a Lutheran Health Physicians located at 1123 North Western Avenue, Marion, Indiana. You also confirmed that all residual licensed material used at this location had been removed – such that any remaining residual radioactivity is within the limits of Title 10 of the *Code of Federal Regulations* (CFR) Part 20, Subpart E.

Based on its review of close-out survey information, the staff has concluded that all licensable radioactive material has been removed from the location of use and residual radioactive material attributable to licensed activities in this location of use does not exceed current NRC criteria. Based on these conclusions no further remediation or actions with respect to NRC regulated material is required. Your facility at 1123 North Western Avenue, Marion, Indiana is suitable for unrestricted use and NRC license No. 13-32301-01 is hereby terminated.
