

ONLINE LICENSING SUBMISSIONS FOR NON- POWER PRODUCTION AND UTILIZATION FACILITIES

Jim Danna, Chief

Plant Licensing Branch 1

NRR Division of Operating Reactor Licensing

- ▶ TRANSFORMATION at NRC

- ▶ “The paradigm is shifting. In order to maintain our presence as a world class technical organization, we must transform to meet the demands of tomorrow.”

- ▶ Innovating How We Work

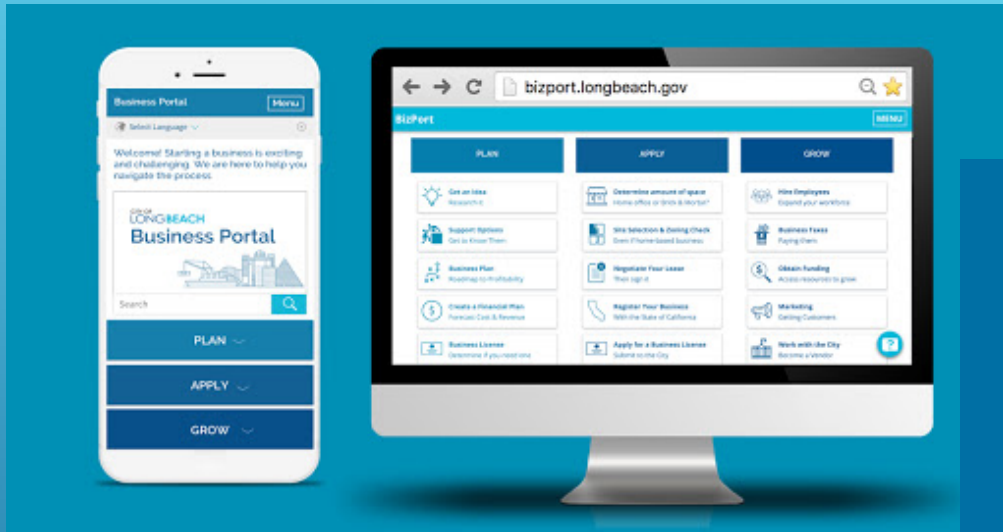

- ▶ “Enhancing our Agency culture and processes to be a more efficient and effective regulator, prepared to respond to rapid changes in our environment.”

- ▶ NRR: We make SAFE use of nuclear technology POSSIBLE

- ▶ Business processes should facilitate accomplishing our mission and not be an impediment.

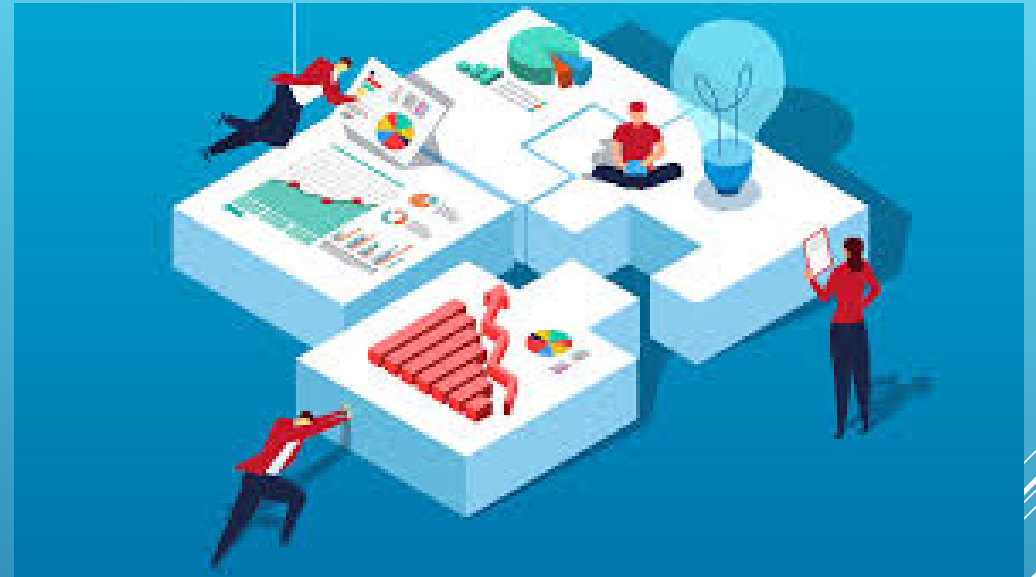

TRANSFORMATION AND INNOVATION

ONLINE LICENSING INTERACTIONS

- ▶ What is NRC developing now?
- ▶ What would NPUFs want to see?

WHAT'S NEXT...?

- ▶ How interested are you in using an online portal?
- ▶ Do you think an online portal would be easier to use than the traditional method of submitting information to the NRC?
- ▶ What features would you like to see in the online portal?
- ▶ What challenges do you foresee using an online portal?
