Re: Termination of License #10-10146-01

U.S. Environmental Protection Agency, Ecosystems Processes Division (EPD) is requesting termination of License #10-10146-01 and status of unrestricted use.

In accordance with NRC guidance NUREG-1575, Multi-Agency Radiation Survey and Site Investigation Manual, EPD conducted a Final Status Survey (FSS) of EPA Athens laboratory facilities and waste storage out buildings during July 2020. Further, characterizations surveys and remediation activities were conducted between February – June 2020. Results of these surveys led to the final design of the FSS.

Please find the enclosed Final Report – Final Status Survey, EPA Athens Facilities, October 2020 for your review.

Please contact EPD's Radiation Safety Officer, CDR Jim Bellah at 706-355-8048 with any questions.

Sincerely,
