Changes to the Prairie Island Nuclear Generating Plant Security Plan, Training and Qualification Plan, Safeguards Contingency Plan

Pursuant to the requirements of 10 CFR 50.54(p), Northern States Power Company-Minnesota (NSPM) doing business as Xcel Energy submits, Revision 13 of the Prairie Island Nuclear Generating Plant Security Plan, Training and Qualification Plan, Safeguards Contingency Plan (here after referred to as the Security Plan). The changes were effective on September 15, 2020.

A summary of changes is provided in Enclosure 1. The revised Security Plan is provided in Enclosure 2. In accordance with 10 CFR 73.21, the information contained in the Enclosures should be withheld from public disclosure as it is classified as Safeguards Information.

The revision of the Security Plan includes the installation of BBRE towers, additional delay barriers, removal of the TRAP system, and changes to the armed response team at Prairie Island Nuclear Generating Plant (PINGP). NSPM has reviewed the changes in this revision of the Security Plan and determined that they do not decrease the effectiveness of the Security Plan.

Please contact Mr. James Bremer at 651-267-7217, if you have any questions related to this submittal.
