November 17, 2020

Mr. Roy G. Pratt
NAVSEA 08G
1240 Isaac Hull Ave. SE Stop 8021
Washington Navy Yard, DC 20376-8021

SUBJECT: APPLICATION FOR THE MODEL NO. D1G CORE BASKET THERMAL SHIELD SHIPPING AND STORAGE CONTAINER AMENDMENT APPLICATION – ACCEPTED FOR REVIEW (EPID NO. L-2020-LLA-0231)

Dear Mr. Pratt:

By letter dated October 13, 2020 (ADAMS Accession No. ML20304A395), you submitted an application to revise Certificate of Compliance (CoC) No. 9792, for the Model No. D1G Core Basket Thermal Shield Shipping and Storage Container. The package is designed to transport irradiated core barrels. The U.S. Nuclear Regulatory Commission staff performed an acceptance review of your application and determined it contains sufficient technical information in scope and depth to allow the staff to complete a detailed technical review.

We have established a schedule for the review and estimate that the staff may need approximately 510 hours to complete its review. The schedule allows for the staff to issue a request for additional information (RAI) in March 2021 and, if a second RAI is not needed, a CoC in August 2021, based on you responding to the first RAI in July 2021. In general, no additional changes to the application should be submitted except for changes resulting from your response to a RAI.

If you have any questions regarding this matter, please contact me at (301) 415-6877.

Sincerely,

Chris Allen, Project Manager
Storage and Transportation Licensing Branch
Division of Fuel Management
Office of Nuclear Material Safety
and Safeguards
