SUBJECT: QUALITY ASSURANCE PROGRAM APPROVAL FOR RADIOACTIVE MATERIAL PACKAGES NO. 0966, REVISION 0

Dear Mr. Yox:

Enclosed is the new Form 311, "Quality Assurance Program (QAP) Approval for Radioactive Material Packages" No. 0966, Revision No. 0 (approval), in response to your request for review and approval of your QAP for Title 10 of the *Code of Federal Regulations* (10 CFR) Part 71 activities dated November 4, 2020, Agencywide Documents Access and Management System (ADAMS) Accession No. ML20310A144.

The enclosed Form 311 documents the staff approval of applying your previously approved QAP (ADAMS Accession No. ML12271A048) to 10 CFR Part 71 activities to satisfy the requirements of 10 CFR 71.17(b) and 71.101(c). You have also been assigned docket number 71-0966. Please reference this number on all future correspondence regarding 10 CFR Part 71 related activities.

Termination of your materials license does not cause this approval to be automatically terminated. If you wish to amend this approval and have determined it reduces commitment, or would like to terminate this approval, please request it in writing.

This letter also serves as a reminder that if you are using or planning to use an NRC-approved package, you must be registered for use of that package with the NRC. Registration for use of NRC-approved packages should be made pursuant to 10 CFR 71.17(c)(3).

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's ADAMS, accessible from the NRC Web site at http://www.nrc.gov/reading-rm/adams.html.

If you have any questions, please contact me at Leira.Cuadrado@nrc.gov or Jeremy Tapp at Jeremy.Tapp@nrc.gov.

Sincerely,

Leira Y. Cuadrado-Caraballo
