As a concerned New Mexican and citizen standing in solidarity with the affected peoples (primarily indigenous folks, Diné and Pueblo peoples), I would like to affirm and stand by the following demands:

First and foremost: DENY the License Amendment.  
Second, work with Navajo Nation Superfund and the local Red Water Pond Road community as PARTNERS in a respectful manner to create a REAL CLEANUP PLAN in a *timely manner*.  
Last, but not least: DO NOT SHIP WASTE TO WHITE MESA MILL!!

Other important pieces to act in accordance with:

- >Make sure cleanup does not harm any cultural resources, including the 5 identified sites recommended as eligible for the National Register Historic Places
- >Make sure cleanup is in line with Navajo Nation Fundamental Law... basically the [colonial] codification of indigenous traditional ways & worldview, ie: cleanup that respects Diné Culture, K'é (relatives), Tó (water), and of course Nihi Má Ni'asdzáán (Mother Earth)
- >Provide funding or resources for Technical Assistance chosen by and for the local community
- >STOP this process until the international health crisis of Covid-19 is over and the local community can meet safely to dialogue on a more appropriate cleanup plan.

Thank you very much.
