U.S. Nuclear Regulatory Commission

Selection of FY 2017 Special Interest Function for Analysis

The U.S. Nuclear Regulatory Commission (NRC) has selected Product Service Code (PSC) R431 “Support- Professional Human Resources” for further review during fiscal year (FY) 2017. NRC obligated $2,328,346.01 on contracts under this PSC during FY17. PSC R431 has been selected for further analysis for the following reasons:

- It has not appeared previously on NRC’s Top 10 PSC list;

- The remaining Top 9 PSCs for FY17 are either being evaluated as part of NRC’s strategic acquisition process, and additional analysis in these areas would be duplicative, or further analysis would be unwarranted due to the nature of those services; and

- PSC R431 was not the subject of a previous focused analysis.
