Subject: Request for additional information for NRC License No. 21-26060-01
Date: Monday, January 04, 2021 4:33:00 PM

Dear Mr. Wilkins:

This is Frank Tran with the NRC. We are working on the amendment request to list a Radiation Safety Officer, Mr. Dustin M. McDonald, for your license. This refers to the QSA Global, Inc. Model 773 instrument calibrator listed in your license. Based on the NRC regulations, the proposed RSO should be familiar with the licensed material and uses authorized in the license. Please confirm that Mr. McDonald has been trained in the use of the instrument calibrator above, including training in the operating manual and hands-on practices. In addition, please provide how long Mr. Donald has worked with instrument calibrators and who provided the training.

Please provide a response in writing with date and authorized signature by January 18, 2021. You should indicate Mail Control No. 623475 in the cover letter to facilitate proper mail handling in our office.

If you have any questions or need any clarifications regarding the requests above, please do not hesitate to contact me at 630-829-9887 or reply to this email.

Thank you.

Frank Tran
