Blake,

I have the docket that applied and something happened kept from a prompt response.

I remember there was a 40 hour training that you required from myself. And sudden disappearance from my side.

And for that reason I could not respond and docket closed and applications recessed.

I kindly and at this time if consider reopening this matter and have regards.

By the way Blake I have my new office in connecticut and look forward to your inspections and reviews.

Best wishes, and waiting for your correspondence

Sharawy, Mohamed
