January 14, 2021

Michelle Beardsley, State Regulation Review Coordinator
 State Agreement and Liaison Program Branch
 MSSR, NMSS

Dear Ms. Beardsley:

Enclosed are copies of the revisions to the proposed New Hampshire Radiological Health Rules He-P 4021 (Records, Reports, and Additional Requirements), He-P 4022 (Surveys and Monitoring), He-P 4030 (Licensing of Radioactive Material), He-P 4035 (Use of Radionuclides in the Healing Arts), and He-P 4037 (Transportation of Radioactive Material). The proposed revisions will be made available for public comment in 2021 with a request for comments around the same period. The proposed state sections are listed in the enclosed roadmaps and correspond to the following equivalent amendments to NRC's regulations.

<u>Rats ID</u>	<u>Title</u>	<u>State Sections</u>
2020-3	Miscellaneous Corrections	He-P 4021, 4022, 4030, 4035, 4037

We believe that adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure SA-200.

If you have any questions, please feel free to contact me at (603-271-4585) or via email: augustinus.ong@dhhs.nh.gov.

Sincerely,

Augustinus Ong
 Administrator
 DPHS/Radiological Health Section

Enclosures: As stated.
