Subject: Correction of total radionuclide listed on license

Discussion: Informed the RSO that the SS&D for the device that they wanted to add to the license listed the maximum activity of the Co-57 source as 10mCi versus 6mCi requested. I also informed him that I will increase the total activity on the license for Co-57 will be 20mCi to allow possession of two devices. The RSO agreed.

Action Required: Correct the total possession limit of Co-57 on the license to 20mCi.
