General Comment

After the Democrats retake the senate the GOP needs to be legislated out of existence. It is an existential threat to public health, public safety, national security and democracy.

During the past four years the GOP has cozied up to dictators, attacked and insulted American allies, ignored threats of Russian election meddling, encouraged rightwing militias and white supremacists, attacked the free press and encouraged violence against reporters, undermined the CDC and the FDA, held super spreader campaign events kneecapped the US Postal Service, disenfranchised voters and spread lies, disinformation and conspiracy theories.

Thank you for your support in eliminating the toxic waste known as the GOP.
