

## PUBLIC MEETING ANNOUNCEMENT

Title: Periodic Advanced Reactor Stakeholder Meeting. Topics include power reactor construction permit guidance applicable to both light water and non-light water reactor applications and other advanced reactor stakeholder topics.

Date(s) and Time(s): February 25, 2021, 10:00 AM to 04:00 PM

***The time of the meeting is local to the jurisdiction where the meeting is being held.***

Location: Teleconference

Category: This is a Category 2 meeting. The public is invited to participate in this meeting by discussing regulatory issues with the Nuclear Regulatory Commission (NRC) at designated points identified on the agenda.

Purpose: The purpose of this meeting is to discuss with the nuclear industry and other stakeholders the initiatives within the industry and NRC related to construction permit guidance for light water and non-light water reactors and other issues associated with the development and licensing of non-light water reactors (Non-LWRs). The Non-LWR topics include applicability of regulations and a discussion of advanced reactor content of application project (ARCAP) guidance and technology inclusive content of application project (TICAP) guidance
