In Reference 1, NextEra Energy Point Beach, LLC (NextEra) submitted an updated final response to NRC Generic Letter 2004-02, "Potential Impact of Debris Blockage on Emergency Recirculation During Design Basis Accidents at Pressurized-Water Reactors". In Reference 2, NextEra requested a limited exemption from the single failure criterion in support of Reference 1. In Reference 3, the NRC provided that the exemption request would be placed on hold pending resolution of other matters related to the GL 2004-02 closeout.

Presently, NextEra is considering alternative approaches to GL 2004-02 closure and as such, NextEra hereby withdraws the exemption request of Reference 2.

Should you have any questions regarding this submittal, please contact Mr. Eric Schultz, Licensing Manager, at 920-755-7854.
