Subject: Request for additional information for NRC License No. 21-35144-04
Date: Thursday, February 11, 2021 10:22:00 AM

Dear Dr. Peters:

This refers to the license amendment application dated February 3, 2021 for Niowave, Inc., NRC License No. 21-35144-04. We reviewed the application in accordance with the NRC policy and guidance and will need the following.

Title 10 of the *Code of Federal Regulations* (10 CFR) 30.32(i) requires NRC applicants/licensees with licensed material exceeding the quantities listed in 10 CFR 30.72 to provide an emergency plan. Based on the licensed material that you requested, it appears that you meet the criteria in 10 CFR 30.32(i) and must provide an emergency plan. Please provide an emergency plan in accordance with 10 CFR 30.32(i) or consider reducing your licensed material to below the threshold discussed above and confirm that Niowave will ensure the licensed material be maintained below the threshold to establish the emergency plan required in 10 CFR 30.32(i).

To continue review of your application, we request that you submit your response with date and authorized signature to this correspondence within 30 calendar days from the date of this correspondence. In your response, please refer the license number, docket number and Mail Control No. 624492. We will assume that you do not wish to further pursue this licensing action if we do not receive a reply within the specified timeframe noted above.

If you have questions, require additional time to respond, or require clarification on any of the information stated above, please contact me at 630-829-9623 or reply to this email.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this correspondence will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <https://www.nrc.gov/reading-rm/adams.html>.
