Importance: High

Scott - As requested, when the CI is interviewed in California tomorrow related to 2018-A-0082, we would like some additional information related to his claims such as:

1. What are the procedures that were violated related to the delay in processing the CRs or restoring compliance?
2. Can you tell us more about your concerns or issues regarding the comments that you made about the 2017 confirmatory order compliance and what was violated related to that?

Jamin – Are there others?

Thanks again,
