I hope your wife gets to feeling better soon! At least at my house if Moma's not feeling good, it makes things hard around the house because she is usually the one takes care of most of the house mgmt and stuff.

As far as additional questions, let me look over the text and letter again when I am back in the office next week (at BFN today), and Jamin, Son, and I will get you some questions to consider. I will also ask that Jamin reach out to Dave and Wes at SQN to see if they would have any additional questions especially concerning the resolution or timing of the resolution of the issues that are mentioned.

Do you need any support via phone on the interview?

Thanks again,

Anthony

I am scheduled to interview the Allegor for 18-082 on September 4th. I reviewed most the docs today. If you or anyone from your staff want to discuss ahead of time that would be good so I can get some context for some of his concerns. Also if y'all have any questions you want me to ask or clarify with him I can do that. Let's talk early next week. I am probably staying home tomorrow. My wife is not feeling well.

Thanks
Scott
