I have not found a response yet other than the LAR.

I'm trying to hunt down a possible answer – more to follow

Drop in meeting are not normally documented unless some of our participants kept notes or something.

Was there a NRC Letter back to the TVA after the 2016 letter, telling them that the violation stands? All I have is that in March 2017, BARTLEY allegedly told MCBREARTY that the NCV stands.

Also, are NRC Drop In Meetings documented by TVA or NRC?
