Perfect Craig! That's the kind of insight and perspective I was looking for. I was wondering what he was talking about there too. Thanks man.

If the staff or you have any further questions or concerns let me know. I will reach out to Anthony Masters next week. Thanks man!

Scott,
Reading through his text message I see this as a specific issue you could drill down on. I appears he is saying that Corp ignored the requirements of a previous CO when the 2017 CO came out... I think this might be a reference to WB where they stopped implementing the 2009 CO requirements and only the 2017 ones... but whatever he is referring to would be good to have any details he may know..
