

**UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001**

February 16, 2021

ALL AGREEMENT STATES, CONNECTICUT

NOTIFICATION OF ACCEPTANCE TO THE RESRAD OVERVIEW (H-408) COURSE
(STC-21-008)

Purpose: To provide notification to the States of students selected to attend the U.S. Nuclear Regulatory Commission's (NRC's) virtual offering of the RESRAD Overview (H-408) Course to be held April 12-16, 2021.

Background: The NRC provides funding to the Agreement States for training and the associated travel.

Discussion: Students selected to attend the April 12-16, 2021, virtual offering of the RESRAD Overview (H-408) Course are provided in Enclosure 1. Please provide this notification to each individual from your program that has been accepted to this course. Detailed guidance for students will be provided at least 2 weeks prior to course start.

If you have any questions regarding this correspondence, please contact me at (301) 415-9967 or the individual named below:

| MASSACHUSETTS | Zara Rejaee |
| NEW YORK (SHD) | David O'Herir |
| OKLAHOMA | Michael Reid |
| TENNESSEE | Ryan Crihfield |

INSTRUCTIONS TO STUDENTS

ACCEPTANCE: Individuals listed in Enclosure 1 have been accepted for participation in the virtual offering of the RESRAD Overview (H-408). This course is scheduled to be presented April 12-16, 2021, provided by instructors from NRC Headquarters and the NRC Regional Offices.

COURSE: Please see our web site, <https://scp.nrc.gov/training.html> for the Tentative Course Schedule and that the course begins at 8:00 a.m. CDT on Monday, April 12th, and ends at approximately 12:00 p.m. CDT on Friday, April 16th.

All course materials will be located on a course website in the NRC's [Collaborative Learning Environment](#) (CLE). Students will be notified when the course materials are posted in the CLE and given instructions on how to access them at that time.

Course lectures will be delivered virtually by the course contractor using Zoom software. Therefore, students accepted for this course will be required to have access to the internet for all five days of the course. For each session of the course, students will be required to confirm connectivity before each session begins and interact with the course instructors throughout the day. It is highly recommended that the students plan to display the course presentations on the largest screen/monitor available, but the course will be accessible via any device (smartphone, tablet, laptop, etc.) with internet access and that has the Zoom software downloaded. A webcam is not required, but each student must be able to communicate with the course instructors via a headset with a mic or via the mic on their device. Course materials will be available electronically only (i.e., no hardcopies will be mailed to the students), but can be printed, if so desired.

Further instructions on how to access the course materials and how the virtual course will be accessed each day will be sent by the NRC's Course Manager and/or the course contractor a couple of weeks before the course begins.

Specific questions about the virtual course can be sent directly to the NRC's Course Manager, Henry Lynn (henry.lynn@nrc.gov).
