Good morning,

I have reviewed your renewal application dated 11/8/20 and letter dated 12/3/20.

In a signed (by CEO) and dated letter please provide the following:

1. Please clarify whether there is a stress room at your location of use at 2520 E Dupont Rd., Fort Wayne, IN 46825. If there is a stress room, please submit a diagram of the room in accordance with the guidance in NUREG 1556, Volume 9, Revision 3 (the licensee's renewal application dated 11/17/2010 provides information of a stress room in addition to the imaging room and the hot lab).
2. Please provide the required commitment for waste disposal in its entirety: "We have developed and will implement and maintain written waste disposal procedures for licensed material in accordance with 10 CFR 20.1101, that also meet the requirements of the applicable section of 10 CFR Part 20, Subpart K, and of 10 CFR 35.92."

Please acknowledge receipt of this email and let me know if you have questions.

Please provide your response directly to me via email by February 8, 2021.

Thank you
