Mr. Kabat –

During Mr. MCBREARTY's interview he mentioned about an incident from March 2016, about an issue at Watts Bar dealing with the isolation of all the fire water being a reportability issue at Watts Bar dealing with 10 CFR 50.72. Initially everyone, to include MCBREARTY, thought it wasn't reportable to the NRC, then some new evidence was presented that showed a similar incident was reportable at another site. Based upon this new information, MCBREARTY and others agreed that it was reportable. SHEA, HENDERSON and others were involved in the discussions about this issue on the phone with MCBREARTY and others. After this discussions on the phone, MCBREARTY received a call from another TVA employee (NF), who stated that after the call, the group was asked why it took so long to get to that decision by the then TVA CNO (Joe GRIMES). MCBREARTY was told by this TVA employee, that HENDERSON then stated that she had been telling MCBREARTY for a week that it was reportable and drug MCBREARTY's "name through the mud." The TVA employee told MCBREARTY that he should not trust HENDERSON.

Who was this TVA Employee mentioned by Mr. MCBREARTY?

Also, do you or Mr. McBrearty have any contact information for the following individuals:

Ed Schrull - TVA Regulatory Affairs Licensing Group Manager
Terri M. CONNER, Manager, Regulator Affairs,
Alesia Cox JUSTICE, Management Analysis

Thanks!
