Subject: Request for Additional Information (RAIs) - LaSalle Request for Exemption from Pre-Access Drug and Alcohol Testing

Subject: Request for Additional Information (RAIs) for LaSalle Request for Exemption from Pre-Access Drug and Alcohol Testing requirements in 10 CFR 26.65

By letter dated February 20, 2021 (ADAMS Accession No. ML21051A006), Exelon Generation Company, LLC (EGC) requested Exemption from Pre-Access Drug and Alcohol Testing requirements in 10 CFR 26.65.

The U.S. Nuclear Regulatory Commission (NRC) staff is reviewing your submittal and has identified areas where additional information is needed to complete its review. Please find the request for additional information (RAI) below.

Based on the Clarification Telephone Discussion with your staff on Saturday, February 20, 2021, You indicated that the Responses to the RAIs will be submitted by supplemental submission as early as possible on February 21, 2021.

Please contact me, if you have any questions.

Thanks.

Request for Additional Information (RAIs) for LaSalle Request for Exemption from Pre-Access Drug and Alcohol Testing requirements in 10 CFR 26.65

Please provide Responses to the following questions:

Administrative

RAI-1. What is Exelon’s justification for the 10 additional business days (14 calendar days) for each event?

RAI-2. Explain whether Exelon explored alternative shipping options and the use of a back-up U.S. Department of Health and Human Services’ (HHS)-certified laboratory?

RAI-3. Explain whether there is a drop dead date from the point of specimen collection from which Exelon will cancel the initial test and retest individuals prior to their requested 10-day extension to help ensure these individuals are fit for duty and trustworthy and reliable?

RAI-4. What are Exelon plans if an individual has completed assigned work activities and is no longer onsite, but the individual's test result comes back and its positive or invalid?

Quantifying Risk

RAI-5. What is Exelon's qualitative assessment of the size of the group of affected individuals that are reinstates less than 30 days and those who are greater than 30 days but less than 365 days? Contrast this assessment to the size of the outage worker population.

RAI-6. What is Exelon's qualitative assessment of the number of affected individuals in follow-up testing?

Mitigating Risk

RAI-7. Does Exelon plan to implement any mitigative strategies above that required by the regulations to ensure that the affective population is fit for duty and trustworthy and reliable during the interim period?
