Plan (DWP), dated 13 January 2021

1. In accordance with reference (a) NRC has agreed to provide support services to the Naval Sea Systems Command and the Naval Nuclear Propulsion Program to facilitate the decommissioning of the Navy Surface Ship Support Barge (SSSB).
2. In reference (b), which was also provided to NRC, Aptim Federal Services submitted their Decommissioning Work Plan. Subsequently, Aptim identified that they had inadvertently left a marking of "draft" on the header for the pages of this plan. Aptim confirmed that this plan is not a draft, and is submitted for review in accordance with Aptim's contract with the Navy.
