---

Good morning Richard,  
Thank you for the conversation this morning. As stated during that conversation, NR 299 continues to provide DNR the ability to waive certification for facilities that have a WPDES permit. If the discharge is covered by a WPDES permit, as you indicated during our conversation, separate 401 water quality certification will not be required. Thank you again for reaching out and please let me know if you have any additional questions at this time.

Kind regards,

**We are committed to service excellence.**

Hi Richard,

I'm connecting you with Amanda Minks, who is our Waterways and Wetlands Section

Chief. She should be best able to provide a response to your requests.

Jason

Mr. Knutson,

This email is a follow-up to my attempted telephone call to you at (608) 267-7894 this morning 08FEB21 regarding the subject requested consultation with your office. A copy of the consultation request letter we mailed to you via USPS on 22JAN21 is attached for your reference. A receipt acknowledgement from your office about this consultation request would be appreciated.

Thank you.

Rick
