SUBJECT: Rakow NRC Amendment Request for Information

The following information is provided as requested in your email on February 23, 2021 to Rakow Construction Services, Inc., change of address amendment.

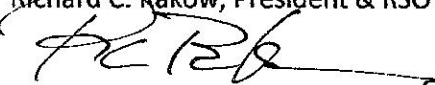

1. Gauges listed on Rakow Construction Services License belong to Rakow Construction Services only.
2. At this time there is no authorization for Allwest to use the stored Rakow Construction Services gauge(s).
3. Rakow Construction Services has sole responsibility for leak test requirements of their gauges.
4. Rakow Construction Services has sole responsibility to perform all inventories of their gauges.
5. Rakow Construction Services are responsible for their own gauge security and they are under separate locking systems.
6. AllWest Testing and Engineering agrees to the terms listed in the December 18, 2020 Amendment and this response letter to your office at the NRC.

Signed ALLWEST RSO:

CHARLES C. BECK / RSO

If you have any questions, please feel free to call us at 208 631 7909.

Sincerely,
Richard C. Rakow, President & RSO

Subject: RE: Re: Rakow NRC Amendment Request for Information

Richard, I apologize if I wasn't clear before. Could you please ask Allwest Testing & Engineering's RSO to send a signed statement stating that they agree to these terms?
Thanks,

Casey Alldredge

Subject: Rakow NRC Amendment Request for Information

Good evening,

A few weeks ago, I sent you an email pertaining to your amendment request, dated December 18, 2020, in which you requested to change your storage location. Please confirm the answers to the statements below in a signed letter and send the letter to me in an email attachment. NRC employees are working remotely due to the public health emergency and I will receive it faster that way compared to regular mail. If you have any questions, please let me know. My number is 817-200-1546.

1. Please confirm that the gauges will still belong to Rakow Construction Services only.
2. Please confirm whether AllWest will use the gauges in question?
3. Please confirm that it will be Rakow Construction Services' responsibility to leak test the gauges.
4. Please confirm that it will be Rakow Construction Services' responsibility to perform the inventory?
5. Please confirm who is responsible for the gauge's security?
6. Please confirm that Allwest Testing and Engineering agrees to the terms listed on your letter dated December 18, 2020 and to the answers to the questions above. Please have Allwest Testing and Engineering sign a document stating this.

Thanks,

Casey Alldredge
