EMERGENCY OPERATIONS CENTERS – EVALUATION AND RESPONSE TO NUCLEAR-RELATED ACCIDENTS

Clay Johnson

Deputy Director, Division of Preparedness and Response (DPR)

Office of Nuclear Security and Incident Response (NSIR)

SESSION OVERVIEW

As the NRC continues its transformation journey to be a modern, risk-informed regulator, this new technical session entitled, “Emergency Operations Centers – Evaluation and Response to Nuclear-Related Accidents.” The purpose of this session is for our distinguished panelists to provide insights on their organizations unique role in response and how they interact and support efforts to protect the health and safety of the public during all hazard and radiological/nuclear events.

PANELIST

- State:
 - Ken Evans, State of Illinois
 - Presentation: Illinois's Radiological Emergency Assessment Center
- USNRC:
 - Jon Lilliendahl, Nuclear Regulatory Commission (USNRC)
 - Presentation: USNRC Incident Response Program
- FEMA:
 - John Ford, Federal Emergency Management Agency (FEMA)
 - Presentation: FEMA Incident Response Program
- International:
