April 2, 2021

Mr. Wren Fowler
Licensing Manager
NAC International
3930 East Jones Bridge Road,
Suite 200
Norcross, GA 30092

SUBJECT: APPLICATION FOR REVISION OF CERTIFICATE OF COMPLIANCE NO. 9356
FOR THE MAGNATRAN PACKAGE – ACKNOWLEDGMENT LETTER

Dear Mr. Fowler:

By letter dated 12/28/2020 (Agencywide Documents Access and Management System Accession No. ML21005A011), NAC International submitted an application for revision to Certificate of Compliance No. 9356 for the Model No. MAGNATRAN transport package. The application includes a request for moderator exclusion pursuant to Title 10 of the *Code of Federal Regulations* 71.55(c) and to treat high burnup fuel as undamaged fuel, when these fuel assemblies meet the definition of undamaged fuel.

This letter informs you that the application appears to contain the necessary information to begin our technical review. We have established a schedule for the technical review of your amendment request. The schedule allows for the staff to issue a possible request for additional information by the first week in June 2021, and a certificate of compliance and safety evaluation report by the end of November 2021, based on you responding to a request for additional information by the end of the first week of August 2021. If no additional information is needed, the certificate of compliance and safety evaluation report may be issued by the end of August 2021. The staff estimates that completing the safety review of this application will require approximately 400 staff hours and no contractor charges.

Please reference Docket No. 71-9356 and Enterprise Project Identifier No. L-2021-LLA-0000 in future correspondence related to this request. If you have any questions regarding this matter, please contact me at (301) 415-6577.

Sincerely,

Bernard White, Senior Project Manager
Storage and Transportation Licensing Branch
Division of Fuel Management
Office of Nuclear Material Safety
and Safeguards
