Bernadette:

Thanks for the update. May 2021 is fine, hopefully April 2021.
Ron

Hi Ron,

Just wanted to let you know the letters are still in legal review, therefore requesting another extension until May. I am hoping we can get the letters to you in April.

Thank you,
Bernadette

Bernadette:

The extension request is acceptable. Please provide a response to the NRC's April 3, 2020, letter and review, "U.S. Nuclear Regulatory Commission Staff Review of U.S. Department of Energy's 2017 Uranium Plumes in the San Andres-Glorieta and Alluvial Aquifers at the Bluewater, New Mexico, Disposal Site, Docker 040-08902," by March 2, 2021.

Sincerely,

Ron C. Linton, Project Manager
U.S. NRC

Subject: [External_Sender] RE: DOE response to Docker 040-08902

Hi Ron,

DOE is requesting an extension from the December 30, response date below. DOE and NRC attorneys are in discussion and will need additional time. As such DOE requests another 60 days to provide a response.

Please let us know if this is agreeable to the NRC.

Thank you,
Bernadette

Subject: DOE response to Docker 040-08902

Hi Ron,

I am writing in response to NRC's letter dated April 3, 2010, subject: U.S. Nuclear Regulatory Commission Staff Review of U.S. Department of Energy's 2017 Uranium Plumes in the San Andres-Glorieta and Alluvial Aquifers at the Bluewater, New Mexico, Disposal Site, Docker 040-08902, requesting DOE's response by October 1, 2020. DOE is in the process in the writing the response, but will need additional time. As such DOE requests another 90 days to provide a response. Please let us know if this is agreeable to the NRC.

Thank you,

Bernadette Tsosie
