CLASSIFIED NETWORK REACCREDITATION (ENTERPRISE PROJECT  
IDENTIFIER L-2021-LLL-0007)

Dear Mr. Padgett:

The U.S. Nuclear Regulatory Commission (NRC) staff has received your letter dated March 9, 2021, transmitting your request for reaccreditation of classified networks. The document is available in the Agencywide Documents Access and Management System (ADAMS) under Accession No. ML21090A216.

We have completed our acceptance review of your submittal and have identified no administrative omissions or deficiencies that would prevent us from proceeding with a detailed review. However, we note that shortly after you issued this request, we issued Amendment 89 to your license approving substantial changes to your information system security plans (ADAMS Accession No. ML21083A157). These plans should be updated in accordance with the conditions of your Interim Authority to Operate.

Your submittal has been assigned Enterprise Project Identification Number (EPID) L-2021-LLL-0007. Please reference this EPID number and Docket Number 70-3103 in any future correspondence associated with this request.

Please note that the NRC staff's technical review of your submittal may identify issues that require additional information. Based on our preliminary evaluation and projection of current review schedules, we anticipate completing our formal review by July 24, 2021. This date could change depending on the findings of our technical review, urgent assignments, or other factors. We will promptly communicate any significant changes to this schedule. In addition, the NRC staff estimates that completing the review of your submittal will require approximately 100 staff hours, which corresponds to about \$27,900 (\$279/hr.).

In accordance with Title 10 of the *Code of Federal Regulations* Section 2.390, "Public inspections, exemptions, requests for withholding" of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in ADAMS. ADAMS is accessible from the NRC Web site at: <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

If you have any questions regarding this matter, please contact me at (301) 415-7506, or via e-mail to Kevin. [Ramsey@nrc.gov](mailto:Ramsey@nrc.gov).

Sincerely,
