B. Submitting Comments

The NRC encourages electronic comment submission through the **Federal Rulemaking Web Site** (<https://www.regulations.gov>). Please include Docket ID **NRC-2020-0193** in your comment submission.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comment submissions are posted at <http://www.regulations.gov> and entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the OMB, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a proposed collection of information to OMB for review entitled, "Criteria and Procedures for Emergency Access to Non-Federal and Regional Low-Level Waste Disposal Facilities." The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a Federal Register notice with a 60-day comment period on

this information collection on December 23, 2020, (85 FR 84012).

1. *The title of the information collection:* “Criteria and Procedures for Emergency Access to Non-Federal and Regional Low-Level Waste Disposal Facilities” (Title 10 of the *Code of Federal Regulations* [CFR] Part 62).

2. *OMB approval number:* 3150–0143.

3. *Type of submission:* Extension.

4. *The form number if applicable:* Not applicable.

5. *How often the collection is required or requested:* On occasion.

6. *Who will be required or asked to respond:* Any low-level waste generator or governor of a State on behalf of generators seeking emergency access to an operating low-level waste disposal facility or an exemption from the requirements in 10 CFR Part 62.

7. *The estimated number of annual responses:* 2.

8. *The estimated number of annual respondents:* 1.

9. *An estimate of the total number of hours needed annually to comply with the information collection requirement or request:* 233.

10. *Abstract:* Part 62 of 10 CFR sets out the information that must be provided to the NRC by any low-level waste generator or governor of a State on behalf of generators seeking emergency access to an operating low-level waste disposal facility. The information is required to allow the NRC to determine if denial of disposal constitutes a serious and immediate threat to public health and safety or common defense and security. Part 62 of 10 CFR also provides that the Commission may grant an exemption from the requirements in this part upon application of an interested person or upon its own initiative.

Dated: April 21, 2021.
