Hi Latischa,

We are still waiting on documentation. I agree that we need to rescind the request until all documentation has been provided to us.

On a separate note, I have not yet seen the new license issued with Dr. Lee Linstroth added as an Authorized User. Will that arrive via e-mail?

Respectfully,
Scott

Hi Scott,

As per our telephonic discussion last week, I am checking to see if you received the documentation information for Drs. Caywood & Chelsey? If not, may we move to the withdrawal request? As we discussed, it involves just the statement to withdraw the amendment request with the understanding that it will be withdrawn without prejudice & able to resubmit the documentation at a later date when the complete documentation is received, company letter head, signed & dated and submitted to me via email.

If you have any questions, please feel free to contact me.

Thank you Scott, for assisting me with this process.

We accept it but need the section filled out to document where they received the training.

If they had the specific nuclear medicine certification, as listed on our Medical Licensing Toolkit:

<https://www.nrc.gov/materials/miau/med-use-toolkit.html> [nrc.gov], then go to the specific authorized use modality:
<https://www.nrc.gov/materials/miau/med-use-toolkit/spec-board-cert.html#35190> [nrc.gov]
<https://www.nrc.gov/materials/miau/med-use-toolkit/spec-board-cert.html#35290> [nrc.gov]
<https://www.nrc.gov/materials/miau/med-use-toolkit/spec-board-cert.html#35390> [nrc.gov]
<https://www.nrc.gov/materials/miau/med-use-toolkit/spec-board-cert.html#35392> [nrc.gov]
<https://www.nrc.gov/materials/miau/med-use-toolkit/spec-board-cert.html#35394> [nrc.gov]

You will see the accepted document certificates: **Medical Specialty Board Certification for 35. 190, 290, and 390.**

The above specific accepted certification programs' course training have been reviewed & accepted by the NRC. Section 3 information lists the documented training information if the certification of the physician's specific area is not documented in the specialty board.

Hope this helps.

Hi Latischa,

At least one of the requested Authorized Users is needing to request a duplicate certificate from the ABR. I believe the time for processing and shipping these new certificates is 2-3 months (hopefully shorter). If we need to resubmit the full request at that time, please let me know. Otherwise I will send you those copies as soon as we have them.

Can I assume that the NRC does not accept the "Primary Source Verification" documentation that the ABR provides? I have attached that letter from the ABR for both Dr. Caywood and Dr. Chesley.

Sincerely,
Scott

Hello Latischa,

Thank you for your email and review of our request. I will be following up with Dr. Caywood and Dr. Chesley this week to ensure that they request a copy of their board certificate. As soon as I receive a copy I will forward this to you for your review.

Sincerely,
Scott

Scott,

St. Luke's Regional Medical Center
NRC License No. 11-27312-01
Docket No. 030-32196
MC 624257

I am assigned your amendment request dated January 13, 2021, and need to request the

following additional information in order to continue:

Weston Caywood, M.D. and Jason Chelsey, M.D.:

- Complete Section 3. **Training and Experience for Proposed Authorized User** of the attached current 313A (AUD)
- If you have certificates from American Board of Nuclear Medicine or Certification Board of Nuclear Cardiology, you can submit those copies

As soon as I receive the RAI, I will continue with the amendment review request. Feel free to contact me for any questions.

RE: Rescind Amendment Request Adding Authorized Users (NRC License 11-27312-01)

Dear Ms. Hanson:

We recently requested the addition of Weston Caywood and Jason Chesley as Authorized Users on our license. Both of these individuals are still working to track down the credentials that you requested regarding board certification and location of training/education.

We expect this process will last at least several more weeks. At this time, I would like to request that the original request be rescinded. Once all of the proper documentation has been provided to me by these individuals, we will resubmit the request to add them as Authorized Users.

Should you need additional information regarding this request, please feel to call me at 208-381-3192, or by email at fullersc@slhs.org.

Sincerely,

A handwritten signature in black ink that reads "Scott Fuller".

Scott Fuller, MS, DABR
